# NOVA SCOTIA FILM DEVELOPMENT CORPORATION

The Nova Scotia Film Development Corporation (NSFDC) is pleased to present the fifteenth edition of the Nova Scotia Film and Video Production Guide. This book contains essential resource information and comprehensive listings of companies and individuals involved in the film and video industry.

The guide is divided into sections: NSFDC; Filming in Nova Scotia, an overview of useful information about Nova Scotia; Personnel listings by profession; Producers; Production Companies; Production Services; and Support & Resources listings. For quick reference the index includes telephone numbers for all personnel listings; there is also a separate index for all advertisers in the guide. If you are eligible to be listed, but are not included, please check for the detachable listing request at the back of the guide and forward it to the NSFDC.

The Nova Scotia Film Development Corporation was established in 1990 to stimulate investment, employment and growth in the film and video industry in the province, while facilitating recognition of Nova Scotia's locations, skills and creativity in global markets. The Corporation is a member of the Association of Film Commissioners International (AFCI) and, as such, provides a wide range of services for producers looking to shoot in the province.

Production inquiries and requests for location information should be directed to the Locations Officer at NSFDC.

# LETTER FROM THE CHIEF EXECUTIVE OFFICER

Dear Friends:

Nova Scotia's film and television industry is booming. Our province boasts spectacular locations, first class crews, attractive financial incentives and the necessary infrastructure to meet all of your production needs. We invite you to visit our beautiful province and see for yourself all it has to offer.

Our production industry has experienced steady growth with annual revenues of approximately $130 million. Nova Scotia has hosted such movies as *The Weight of Water* starring Elizabeth Hurley and Sean Penn, *La Veuve de Saint-Pierre* starring Juliette Binoche and Daniel Auteuil, *The Shipping News* starring Kevin Spacey, Judi Dench, Cate Blanchett and Julianne Moore, *K-19: The Widowmaker* featuring Harrison Ford and Liam Neeson, to name a few. The province also plays the backdrop for many television movies of the week.

Nova Scotia is connected to the rest of North America and to Europe by three regularly serviced airports. The province has a network of well-maintained highways connecting the major centres. We are ideally positioned to take advantage of the Trans-Atlantic trade routes as Nova Scotia is both a primary East Coast port of entry and a base for feeder lines serving Canadian and American ports. Cruise ships regularly call on Nova Scotia ports during the summer months and passenger and freight services link Halifax to the rest of the country. The CN terminal that ends at the port of Halifax includes grain elevators and bulk cargo facilities. Lastly, Nova Scotia has regular ferry services connecting the province to the state of Maine along with other Canadian provinces.

The proximity of the Atlantic Ocean has a moderating effect on Nova Scotia's climate and winter temperatures rarely fall to extreme low values. Measurable accumulation of snow begins in late December and may last until April, although snow is not always on the ground through the winter season. Spring is damp and fog may persist until early summer. Summer maximum temperatures are comfortable and late summer and early fall months are generally the best for outdoor activities.

At the Nova Scotia Film Development Corporation we value your business and are here to ensure your production experience in Nova Scotia is memorable for all the right reasons. Our locations department is committed to handling your inquiries promptly and efficiently. See you in Nova Scotia!

Ann MacKenzie, CA, CPA
Chief Executive Officer

# PROJECT FUNDING: NSFDC

## Nova Scotia Film Development Corporation

The Nova Scotia Film Development Corporation (NSFDC) was established in 1990. The NSFDC's mission is to grow the film and video industry in Nova Scotia by stimulating investment and employment, and by promoting Nova Scotia's locations, skills and creativity in global markets.

Nova Scotian producers may apply for loans, equity investment and training assistance. These programs apply to film, video and new-media productions. To qualifying projects, a refundable tax credit is also available.

## Programming:

- Equity investment of up to ⅓ of expenditures in Nova Scotia, to a maximum of $200,000, is available to qualifying productions.
- Loans are available to support script and project development, for up to ⅓ of approved costs, to a maximum of $25,000 per project.
- Videos and shorts, to be announced.

A tax credit of up to 35% of allowable Nova Scotia labour expenditures, to a maximum of 17.5% of the total eligible budget, is administered by the NSFDC.

Criteria and application information are available through:

# NOVA SCOTIA ACCESS

## Air

Scheduled air service into Nova Scotia is available from all major Canadian cities, from all major United States cities, through connecting hubs at Boston and Newark, and from all major European cities through the connecting hub at London. In addition, scheduled charter services are available linking Nova Scotia with many Canadian and European cities.

There are three regularly serviced major airports in the province: Halifax, Sydney and Yarmouth. Other smaller airports (some seasonal) and airline phone numbers are listed in the Guide. See *Airports and Airlines* in *Support & Resources.*

## Ferry Service

Yarmouth, Nova Scotia, is connected by ferry to Bar Harbor and Portland, Maine (May to October). The ferry from Saint John, New Brunswick, provides convenient year-round access to the Annapolis Valley through Digby. Prince Edward Island is connected by ferry from Caribou (May to December). The ferry from Newfoundland arrives in North Sydney. Many small islands and shortcuts are serviced by small car and walk-on ferries. Halifax and Dartmouth are connected by two passenger ferries.

## Highways

Nova Scotia has a network of well-maintained highways connecting the major centres. Most major highways have posted speed limits of 100 km/h (62 mph).

Driving time from the Maine/New Brunswick border to Nova Scotia (distance of 197 miles/315 km) is about four hours.

## Shipping

Nova Scotia is ideally positioned to take advantage of the trans-Atlantic trade routes. It is both a primary east coast port of entry and a base for feeder lines serving Canadian and American ports. Cruise ships call at Nova Scotian ports in the summer months.

Waterfront industries include petroleum refining, shipbuilding and repair, Coast Guard and Canadian Forces (navy and air force) bases, an automotive shipping terminal, Bedford Institute of Oceanography, fish processing, diving operations, yacht marinas, sport fishing and whale watching.

## Train

Passenger and freight services link Halifax to Montreal via Truro and Amherst. The CN terminal that ends at the Port of Halifax includes grain elevators and bulk cargo facilities.

# NOVA SCOTIA

## History

Plentiful fish and furs lured the English and French to battle over the New World. In Nova Scotia, restorations and re-creations reflect this colourful history. See *Museums*.

The Habitation at Port Royal, built for explorer Samuel de Champlain in the 1600s, was the earliest European colony north of Florida. Reconstruction of the French fur trading post was true to the techniques used in 17th-century France. Throughout the buildings, the framework has been mortised, tenoned and pegged together.

Louisbourg, a massive stone town and fortress, contains over 50 buildings restored to their original condition. Over 250 years ago it was the largest French fortress and naval base in North America. Today it is the largest historical reconstruction in Canada. The homes, storehouses, inns, cabarets and the King's Bastion re-create the 18th century.

Halifax was founded in 1749 to establish British strength in the North Atlantic and the city retains a flavour of the past. Modern office and apartment towers are a striking contrast to old stone and wooden buildings. Georgian mansions, Victorian government buildings and High Street row housing evoke England and Scotland of the past and present. The impressive fortifications of the Halifax Citadel are situated on a hill overlooking the heart of the city. The twin cities of Halifax and Dartmouth, located on opposite sides of the second-largest natural harbour in the world, are linked by two bridges and passenger ferries.

Historical restorations of early North America abound. New England Planters and Loyalists built houses similar to the colonial homes of the northeastern United States, from saltbox to Georgian brick. Sherbrooke Village is a restored lumbering town of the 1800s with a working water-powered sawmill and 25 buildings on their original sites. Coal miners in 1850 would have lived in a company town like the Glace Bay Miners' Village in Cape Breton.

Nova Scotia has over 50 museums, restored inside and out, as well as converted sites still in commercial, residential and recreational use, such as Historic Properties in Halifax (renovated dockside warehouses of the 1800s) or Lunenburg's elementary school (an ornate Victorian woodframe). Aerospace and defense industries compete with petroleum for prominence.

## Topography

Bodies of water almost surround Nova Scotia where the coastline stretches for 7,400 kilometers. The indented coast defines the look and feel of the province. The warm Northumberland Strait borders green farmland, interspersed with sandy beaches–or ice floes in late winter. In the Bay of Fundy the world's highest tides slip past sandstone bluffs and basalt rock formations, temporarily stranding boats on red mud flats. By times, the Atlantic Ocean laps at the shores of protected inlets or smashes against the granite boulders that jut into the sea. Northern Nova Scotian shores are subject to pack ice and occasional icebergs in the early spring.

Nova Scotia's landforms have been ground and polished by wind, water and ice. Prehistoric volcanoes are now rounded highland peaks etched with highways (Cape Breton, Antigonish, Wentworth). Basalt flows underlying the North Mountain ridge protect the lush fruit-growing and farming region of the Annapolis Valley from the Bay of Fundy winds.

Ice Age glaciers carved deep harbours and left the province dotted with lakes. Granite boulders, the debris left by receding glaciers, are strewn about an eerie moonscape setting around Indian Harbour, Peggy's Cove and West Dover. From dense stands of forest to lush agricultural valleys to scrubby coastal areas, the vegetation is enchantingly varied. Brilliant foliage colours the landscape in September and October.

## Climate

Weather service phone numbers are listed under *Weather/Tides/Road Reports.*

The proximity of the Atlantic Ocean has a moderating effect on Nova Scotia's climate.

Winter temperatures rarely fall to extreme low values except in the presence of a rapid influx of Arctic air. Measurable accumulation of snow begins in late December and may last until April, although snow is not always on the ground through the winter season. Spring is chilly and damp due to southerly winds while sea fogs can persist into early summer. Summertime maximum temperatures are comfortable. Air flows off the warmer parts of the continent make late summer and early autumn generally the best for outdoor activities. During this season, spent hurricanes from the Caribbean can churn up the coastline, causing spectacular seas and high winds.

Fresh and salt water temperatures are most suitable for swimming from the end of June to mid-September.

Temperature variations and snowfall accumulations are greater in inland areas.

### Average Seasonal Temperatures

| *Season* | *Celsius (High/Low)* | | *Fahrenheit (High/Low)* | |
|---|---|---|---|---|
| Spring (May) | 10 to 16 | 2 to 6 | 50 to 61 | 36 to 43 |
| Summer (July/August) | 20 to 25 | 10 to 14 | 68 to 77 | 50 to 57 |
| Autumn (October) | 12 to 15 | 2 to 8 | 54 to 59 | 36 to 46 |
| Winter (Jan/Feb) | -2 to 1 | -13 to -6 | 28 to 34 | 9 to 21 |

0° Celsius = 32° Fahrenheit
20° Celsius = 68° Fahrenheit

# REGULATIONS: CANADA CUSTOMS

**Goods Entering Canada Temporarily**

Goods entering Canada temporarily may or may not be subject to duties and/or taxes depending on whether or not certain conditions are met. Customs should be contacted prior to importation to discuss these conditions as well as entry requirements, documentation and importers' responsibilities.

In this regard, please contact:

| | |
|---|---|
| Roger Long | (902) 426-2724 |
| Customs Client Services, Halifax, NS | Fax: (902) 426-8825 |

# REGULATIONS: HUMAN RESOURCES CITIZEN AND IMMIGRATION

It is the policy of the Government of Canada that only Canadian citizens and permanent residents automatically have a right to work in Canada.

Persons who have obtained temporary employment authorizations from Citizenship and Immigration Canada are also entitled to work in Canada. *These authorizations are issued at Canadian Consular offices abroad* and, in the case of nationals or residents of the US, Greenland and St. Pierre and Miquelon, at Canadian ports of entry.

Human Resources Development Canada (HRDC)is responsible for validating that Canadian citizens or residents will not be adversely affected by permitting foreign workers to fill available positions.

**Procedures for Obtaining Employment Authorization(s):**

Human Resources Development Canada (HRDC) conducts the validation process. Film and television producers (employers) who wish to bring foreign workers to work in Canada must contact the Human Resources Centre. HRDC continues the necessary liaison with Immigration and provides the employer with appropriate instructions. To ensure expeditious processing of an employment validation, the employer will be required to provide the following information:

- employer name/contact person of production company, address and telephone number
- third party representing employer (if applicable), name, address, telephone number plus letter from the employer authorizing third party to act on their behalf
- name and brief description of film
- approximate number of Canadians to be hired and occupation(s) for which they will be hired
- filming location(s)
- approximate duration of filming—dates: from/to
- approximate number of foreign workers requested and occupations involved
- indication of Canadian guilds/unions contacted re employing Canadians

*Note: *Concurrence, in writing, must be obtained from unions/guilds for each foreign worker.* It is the responsibility of the employer to contact the guild/union for this concurrence.

The following information is required by Human Resources Canada in order to complete a validation document on behalf of a foreign worker:

- complete legal name
- complete home address
- date and country of birth
- citizenship
- occupation, and job description for shoot in Canada
- resumé of qualifications
- entry information including port of entry or embassy for processing, mode of transportation (vehicle/air), date of entry, flight number, ETA and air terminal number are required.

Initially, a four-week lead time is necessary to permit adequate consultations between Human Resources Development staff, Immigration officials, the film and television producers (employers), and, if applicable, union and guild representatives. The purpose of these consultations is to determine the availability of qualified Canadian workers to fill jobs for which foreign workers are being requested. This is necessary to ensure that job and career opportunities for Canadians will not be adversely affected by the entry of the foreign worker(s).

When a positive decision is made, the responsible Human Resources Centre will validate the offer of employment and notify the appropriate Consular or port of entry office. The employer will advise the foreign worker(s) to contact the appropriate Canadian Consulate or port of entry where the worker(s) will be advised of any further steps necessary for the issuance of employment authorization(s).

There is a processing fee of $150 (payable in Canadian funds) for each employment authorization.

# REGULATIONS: OCCUPATIONAL HEALTH & SAFETY

## Labour

The Department of Labour has adopted the *Health and Safety Guidelines for the Nova Scotia Film and Production Industry*, which were developed in co-operation with management and labour from the film and video industry. These guidelines are the accepted industry practices and will be referred to in conjunction with the requirements of the *Occupational Health and Safety Act* and all associated regulations.

Nova Scotia Department of Labour:

| | |
|---|---|
| General Inquiries | (902) 424-8400 |
| Labour Standards Division | (902) 424-4311 |
| Fire Marshall | 1-800-559-3473 |
| | (902) 424-5721 |
| Occupational Health and Safety | 1-800-952-2687 |
| (Explosives Handler certification) | (902) 424-5400 |

## Animals

The Nova Scotia Society for the Prevention of Cruelty (SPCA) has assisted the Department of Labour in adopting specific guidelines for the use of animals in the film and video industry. In guideline #22 of the *Health and Safety Guidelines for the Nova Scotia Film and Video Production Industry* it states:

> "Any production company intending to use any animal in a film must consult the Nova Scotia SPCA well in advance for detailed advice regarding the care of the specific animal involved."

For further information please contact the following:

| | |
|---|---|
| The Nova Scotia Society for the Prevention of Cruelty | (902) 835-4798 |
| 1600 Bedford Highway, Suite 422 | Fax: (902) 835-7885 |
| Bedford, NS B4A 1E8 | e-mail: nova_scotia.spca@ns.sympatico.ca |

# REGULATIONS: PERMITS

## Filming Permits

Filming permits are not required, except in the case of federal, provincial or municipal park or museum sites (see below).

## Airports

Production companies wishing to film at airport locations must make a written request outlining the desired locations, dates, times, etc. to the appropriate federal authority. See *Airports.*

Marketing and Property Management, Transport Canada (902) 873-1213

## Explosives

Special effects requiring the use of explosives are regulated federally by the Department of Natural Resources, under the *Minerals, Metals and Explosives Act* and provincially by the Department of Labour under the *Occupational Health and Safety Act* (See *Government of Canada, Government of Nova Scotia,* in the *Support & Resources* section). Qualified F/X technicians from out of province should contact these authorities.

## Parks or Museums

Production companies planning to film in a federal park location must get the permission of the park superintendent. See *Museums and Restored Sites* in the *Support & Resources* section.

## Police: Off-duty

Production companies should notify the appropriate police department of their filming plans as far in advance as possible. Off-duty police officers may be hired by the productions to facilitate street filming.

In Halifax: any requests for extra duty police officers should be made through the office of the extra duty coordinator between the hours of 8:00 am and 3:00 pm, Monday through Friday. After 3:00 pm and on weekends and holidays, all calls should be made to (902) 490-5016, where a call-taker will relay your request to be passed on to the Sergeant on duty in the Charlie Office.

Any requests for extra duty police officers must be made *at least 72 hours* prior to the actual event.

All extra duty jobs will be paid through the payroll system. Members cannot accept cash payments for any extra work. There will be an administrative fee of 3% added to the regular rates for Constables and NCOs hired for extra duty. 15% HST will also be collected.

For further information and for productions requiring police vehicles in Halifax, contact:

| | |
|---|---|
| Velarie Moulton | (902) 490-5039 |
| Extra Duty Coordinator | (902) 490-4127 |
| Constable Harvey Conrad | Fax: (902) 490-5035 |

### Road Closures: Municipal

To organize the necessary authorizations in Halifax, production companies are urged to contact the Halifax Regional Municipality. See *Municipal Authorities*.

### Road Closures: Provincial

Production companies planning to film on or along provincial streets and highways, those public roadways outside the boundaries of incorporated cities and towns, must receive permission from the appropriate District Director or Traffic Authority who has responsibility for the public highway(s) on which the proposed film locations are located.

# TAXES: HARMONIZED SALES TAX (HST)

The 15% Harmonized Sales Tax (HST) is a value-added tax, which has replaced the federal 7% goods and services tax (GST) and the provincial 11% sales tax in Nova Scotia. Virtually all goods and services acquired in Nova Scotia for use in film production, other than employee payroll and basic groceries, are subject to the 15% HST.

A production company which does not normally carry on business in Canada is entitled to recover the HST or GST paid on property that is exported from Canada and on other goods and services acquired for consumption or use exclusively in the production of copyright-protected work. Storage and shipping costs are not eligible, and all copies of the work must be exported.

Application may be made by using the form *General Application for Rebate* (GST189). The rebate may also be assigned to suppliers so that they do not have to collect the HST. More information and a sample assignment letter are contained in the publication *Doing Business in Canada: A Guide for Non-Residents.* A rebate may also be claimed by non-resident individuals for the HST or GST they pay on short-term accommodation while in Canada, and for the personal goods they export. Details and application forms are available in the pamphlet *Tax Refund for Visitors.* Original receipts must be submitted with both types of rebate claim.

A production company, whether resident or non-resident, which makes a sale (or rental or exchange) while carrying on business in Canada may be required to become a GST/HST registrant. A company which carries on business in Canada but makes no sales may still be entitled to register voluntarily. Registrants will collect tax on sales in Canada but will be able to claim tax credits on their expenses. Registrants file returns on a monthly, quarterly or annual basis and must retain adequate books and records. Because non-resident producers who make few sales in Canada may usually be in a refund position, it may be to their advantage to elect a monthly filing frequency. Production companies that do not ordinarily carry out business in Canada are not able to become GST/HST registrants but may be entitled to the tax rebate on exported goods outlined above.

For forms or publications, for more information, or to register for the HST contact:

# TAXES: INCOME TAX (WITHHOLDING)

A production company may hire and pay income to individuals, partnerships and/or corporations in the production of a film. If the company hires non-residents for services performed in Canada in an employment or self-employed situation, the company will be required to make deductions as required by the *Income Tax Act*.

Non-resident employees usually have the same amount of tax deducted at source as Canadian residents. Employers must deduct and remit the tax to Revenue Canada and report the amounts on a *T4 Summary* and related *T4 Supplementary* form.
When non-resident individuals, partnerships or corporations provide services in Canada, they have to pay a withholding tax on fees, commissions or other amounts they receive (currently 23% for talent; 15% for crew). The payers of these amounts have to deduct the withholding tax and send it to Revenue Canada, regardless of whether they are residents or non-residents. The payer also has to report the tax deducted on a *T4A-NR Summary* and related *T4A-NR Supplementary* form.

If a tax treaty exists between Canada and the non-resident's country of residence, it may provide some relief from Canadian tax. Under the tax treaty between Canada and the US, US residents can usually apply the income tax they paid in Canada against their taxable income reported in the US.

We accept collect calls. To register for withholding taxes or more information contact:

*Three things that we value most:*
*- Knowledge*
*- Experience*
*- Professional Service*

**Kelsey W. Smith**
*Director of Photography*
*Steadicam Owner/Operator-Camera Operator*

With today's technology, it's very easy to find a person with a DVcam. When you hire ECCS, you're not just getting top of the line equipment, but someone who knows how to use it!
Kelsey W. Smith brings his extensive knowledge and creativity to every production. Producers and PM's have a lot to deal with these days. When we show up on set, you can count on getting pretty pictures!

SOUL

A SINGLE FRAME OF FILM CONTAINS OVER 12 MILLION PIXELS OF INFORMATION
AND THE FULL RANGE OF HUMAN EMOTION

When you want to move an audience, naturally you turn to film. Because only film sees the world the same way people do, in the warm, human palette of true colour and genuine light and shadow. But beyond its expressive richness, film also captures more raw information. Which gives you more creative options later on. And ultimately, more opportunities to touch the human soul.

Visit www.kodak.com/go/story for the whole story.
For information or inquiries call 1-800-621-FILM (3456)

there's more to the story

Now better than ever.

For over fifteen years, Cambridge Suites has been known for its well-appointed, spacious suites, all thoughtfully designed with your comfort in mind. And now with our recent renovations, guests will enjoy even more comfort than before. The warm, earth tone décor creates an inviting and restful ambiance.

As always, each of our 200 spacious suites feature a separate dining and work area that includes a computer modem hook-up. An entertainment bar with a microwave, fridge, coffee-maker and dishes are amenities that make you feel very much at home. And our guests start their day with a delicious Complimentary Deluxe Continental Breakfast Buffet.

Cambridge Suites Hotel - now better than ever.

Room and board in style this summer

Keep your film crew happy this summer with our residence rooms and dining facilities close to downtown Halifax.

Residence rooms on campus start at $28 per person per night based on twin occupancy including breakfast, parking, use of the Dalplex athletic facility and maid service. Our downtown apartments come with kitchens, furnished living rooms and a balcony overlooking the city for as little as $53 per night.

And we can feed any group, from a small collection of honored guests to a cast of hundreds.

# Specialist Helicopter Services

Cougar s fleet consists of small, medium and large-sized helicopters to cover every production need, and our pilots have been used on both sides of the camera in Europe as well as North America (Our Sikorsky S61 was featured in *Titanic*). Our services include:

- **Feature Films** (Titanic, K-19 The Widowmaker, The Pilot s Wife, Phase IV, Dolores Claiborne, Two If By Sea, and more)
- **Documentaries** (Discovery Channel & David Suzuki)
- **Commercials** (CN & Chrysler)
- **Still Photography**
- **Aerial Survey** (High and Low Level)
- **Consultancy** (safety procedures, etc)

In addition to the above, our highly experienced engineers are used to working with all types of equipment, including Tyler Mounts, Wescam and Spacecam. They can work with your own specialist staff, if required. ISO 9002 certification ensures a professional service why not give us a call?

A variety of programs in media arts and digital media: full degrees with majors in media arts, photography, and film; individual courses through the Continuing Education Department. Degree credit courses offered in the majors may be opened up, on an individual basis, to those who wish to take one course at a time, but prefer the rigors of the credit program. Course topics include film history and criticism, filmmaking, video, screenwriting, computer animation, interactive media, digital imaging, photography, lighting workshops, sound, film directing and performance.

**Shortworks Film and Video Training: Program 5** **(902) 420-4076**

A collaborative project of the Atlantic Filmmakers Cooperative, CBC Television Atlantic Region, the Centre for Art Tapes, and Flashfire Productions Inc. The mandate of the program is to develop emerging writers, directors and producers as well as technical crew. Program 5 consists of workshops in the various aspects of production and on-set training on one of four 5-minute productions selected and produced through the Atlantic Filmmakers Cooperative and the Centre for Art Tapes. A professional development program is also offered to the writer/director/producer teams of the 5-minute productions.

Fax: (902) 426-4228

Historical re-creation of the 78th Highland regiment (1869). Wearing MacKenzie tartan kilts, red dress doublets and feather bonnets, the unit performs foot and arms drills, bayonet exercises and firing demonstrations using black powder and original Snider-Enfield rifles. During the summer the regiment performs daily at the Citadel, and is available for special ceremonies and functions throughout the year. Uniforms can be modified to look like other military or paramilitary uniforms. Staff with military training and film experience available. Soldiers' wives in Victorian period costumes also work on site. Props can be rented.

# Town of Lunenburg

## A UNESCO WORLD HERITAGE SITE

Founded in 1753, Lunenburg's original architecture and streetscapes spanning three centuries have remained intact. Lunenburg has won international recognition as a NATIONAL and UNESCO WORLD HERITAGE SITE and prize filming location for its historic streetscapes and natural setting.

Lunenburg boasts a spectacular waterfront straddling a peninsula with shorelines on two harbours. Its shipbuilding and working harbour contributes to the Town's unique atmosphere. Lunenburg's shipwrights constructed replicas of the *Bluenose*, *H.M.S. Bounty* and *H.M.S. Rose*- the world's largest working wooden tallship.

Lunenburg has proven to be a film friendly Town. It has a vast resource of film locations, skilled film personnel, suppliers and Nova Scotia's most experienced boat wranglers.

Some of the Town's film credits include *Blue Moon, A Town Without Christmas, Sea People, A Rumor of Angels, Simon Birch, Dolores Claiborne, Two if by Sea,* and *The Little Kidnappers*, numerous television advertisements and documentaries.

Excellent production facilities, dining, lodging and other amenities are available in Lunenburg to meet your filming needs. Lunenburg is a short drive to Halifax and the International Airport making it an excellent film base.

The Town of Lunenburg is the recent winner of Port City of the Year, Communities in Bloom, Prettiest Painted Places in Canada and the Society of American Travel Writers Award.

# MUSEUMS AND RESTORED SITES

## P–PROVINCIAL

Nova Scotia Museum locations are always in demand for filmmaking. The Nova Scotia Museum will make its collection and facilities available for film and video production in recognition of the potential educational and economic benefits to the province. In so doing, it will ensure that the security of the collections is not threatened and that usual public access to the collections and programs of the Museum is not disrupted. Film and video producers inquiring about the use of any of the provincially owned Nova Scotia Museum sites first must contact the appropriate film and video coordinator.

A fine example of a large Victorian house, built in 1867, overlooking Halifax Harbour. Large rooms with high ceilings.
Credits: *Baby, Sandbox* (CD cover and promotional materials), *Helen Creighton* (documentary).

**Firefighter's Museum of Nova Scotia P** June 1–October 15: **(902) 742-5525**
451 Main Street
Yarmouth, NS
David Darby, Director
October 16–May 31: (902) 424-7398
firefighters.museum.gov.ns.ca

Large collection of firefighting equipment including an 1819 Hopwood and Tilley hand-drawn pumper, an 1893 horse-drawn Amoskeag steam fire engine, motor-driven 1933 Chev pumper, etc.

**Fisheries Museum of the Atlantic P**
On the waterfront
Lunenburg, NS
Jim Tupper, Director

May 4–October 27: **(902) 634-4794**
October 28–May 3: (902) 424-7398
Fax: (902) 634-8990
fisheries.museum.gov.ns.ca

Located in a large old fish processing plant and ice house. Two historic sea fishing vessels, 1938 schooner Theresa E. Connor and 1963 steel side trawler Cape Sable, at wharfside. Inside the museum are three floors of exhibits, an aquarium, Hall of Inshore Fisheries, Fishermen's Memorial Room, Bank Fisheries Gallery, and exhibits on Bluenose, whales, life in fishing communities, rum-running, shipbuilding, and old marine engines.

**Fisherman's Life Museum P**
58 Navy Pool Loop
Jeddore/Oyster Pond, NS B0J 1P0

June 1–October 15: **(902) 889-4209**
October 16–May 31: (902) 424-7398
Fax: (902) 889-4209
fishermanslife.museum.gov.ns.ca

A typical inshore fisherman's house built in 1857, furnished in early 1900s rural style with a parlour pump organ, hooked mats, grandmother's favourite dishes, and a wood cookstove.

**Fort Anne National Historic Site F**
P.O. Box 9
Annapolis Royal, NS B0S 1A0
Theresa Bunbury, Superintendent

**(902) 532-2321**
(902) 532-2397
Fax: (902) 532-2232
www.parkscanada.pch.gc.ca

A premier example in North America of a Vauban earthwork fort. Underground storehouse was built in 1702. French gunpowder magazine (1708) is one of the oldest buildings in the province. The 1797 British Field Officer's Quarters is a fine example of Georgian architecture. Spectacular view of the Annapolis Basin and the marshlands beyond from old ramparts.

**Fort Edward National Historic Site F**
P.O. Box 2335
Windsor, NS B0N 2T0
John D. Wilson

**(902) 798-4706**

The original blockhouse overlooking the Pisiquid Basin is the only remaining building at Fort Edward. The fort was built as part of the chain of communications posts between Annapolis Royal and Halifax in 1750 and is the oldest such original structure in Canada.

**Fort McNab National Historic Site F**
On McNab's Island in Halifax Harbour
Andrea Moritz

**(902) 426-1995**
Fax: (902) 426-4228

At the mouth of Halifax Harbour, this fort was built between 1889 and 1892 as part of a new style of coastal defense. Approximately half of the island's land area, 580 hectares, is managed by Parks Canada. View lines from the island are seaward to the shipping lanes, and across the channel to York Redoubt, another element of the National Historic Sites of Halifax. Limited access due to rough terrain.

**Fort Point Museum**
100 Fort Point Road, Route 331
P.O. Box 99
LaHave, NS  B0R 1C0

Summer: **(902) 688-2696**
Winter: (902) 688-1632
e-mail: lchs-fortpoint@ns.sympatico.ca
www3.ns.sympatico.ca/lchs-fortpoint

The museum is set on extensive seafront grounds, the site of Fort Ste. Marie de Grace, founded in 1632 by Isaac de Razilly, first Governor of New France. Later, a lighthouse station and a keeper's house, which is now the museum featuring de Razilly's life and later development of the region, were erected. A national historic site, with a lighthouse, picnic tables and a sandy beach. Open daily July through August, all other times by appointment.

**Fortress of Louisbourg National Historic Site  F**
259 Park Service Road
Louisbourg, NS  B1C 2L2

**(902) 733-2280**
www.fortress.uccb.ns.ca

Reconstruction of an 18th-century French fortified town, once North America's largest French fortress and naval base. The park contains over 50 reconstructed buildings, some of which are furnished to period (1744-45), covering seven town blocks. The fortifications, several buildings, gardens and waterfront are animated by costumed staff and interpreted to give an impression of life in Louisbourg in the year 1744. The Fortress protects 6,000 hectares of natural and cultural resources. It is open to the public May 1 to October 31. Restrictions apply.
Credits: *Squanto, The Song Spinner, La Veuve de Saint Saint Pierre*, and numerous documentaries.

**Fundy Geological Museum  P**
162 Two Islands Road
P.O. Box 640
Parrsboro, NS  B0M 1S0
Ken Adams, Director

**(902) 254-3814**
Fax: (902) 254-3666
e-mail: adamskd@gov.ns.ca
fundygeo.museum.gov.ns.ca

Located on the Bay of Fundy, view to two islands just off the coast. Offering guided walks of beach sites, walking trail along tidal estuary – obvious cross-bedding, rocks, minerals, fossils and dinosaur bones.

**Gaelic College of Celtic Arts and Crafts**
St. Ann's. Mail: P.O. Box 9
Baddeck, NS  B0E 1B0
Sam MacPhee, Executive Director

**(902) 295-3411**
e-mail: gaelcoll@atcon.com

The College, located on 350 acres of mainly wooded property, commands a sweeping view of the highlands surrounding St. Ann's Bay, and is one kilometre off the Trans-Canada Highway on the Cabot Trail. The property, criss-crossed with cross-country ski trails that are also used for hiking, has extensive water frontage and many bay views. Modern dining room/kitchen/residence; two self-contained residences; The Great Hall of the Clans museum and auditorium; large craft shop specializing in Scottish and local crafts, books and supplies; weaving centre for spinning, weaving and dying activities; sewing centre where highly qualified seamstresses create kilts, highland regalia and tartan gift items; administration and maintenance buildings; modest library; outdoor performance centre which can accommodate audiences of up to 2,000 people. Classrooms, studios and practice sheds are scattered across the campus; during the summer sessions noontime and evening ceilidhs, pipeband practices, concerts and other festivities ensure lots of activities for non-class hours.

**Grand-Pré National Historic Site F** (902) 542-3631
P.O. Box 150
Grand Pré, NS B0P 1M0
Donna Doucet
Fax: (902) 542-1691
e-mail: grandpre_info@pch.gc.ca
www.parkscanada.pch.gc.ca

Commemorating the Deportation of the Acadians, this site occupies the location of the church and cemetery of the 17th/18th-century Acadian village that became the scenic setting for Longfellow's epic poem Evangeline: A Tale of Acadie. The site includes 14 acres of Victorian gardens including flowerbeds, ponds and sweeping weeping willows; the Evangeline statue; a memorial church; a 19th-century Acadian blacksmith shop including an ox-shoeing stall and bellows; a stone cross which marks the site of the Acadian cemetery, and a well. It is surrounded by several thousand acres of cultivated marshlands or dykelands and gently rolling uplands containing farms, orchards, and the villages of Grand Pre and Hortonville, and is bordered on the south side by a railway line. Open May 1 to October 30. Bilingual staff. Admission charged.

**Haliburton House Museum P** June 15–October 15: (902) 798-5619
414 Clifton Avenue
Windsor, NS
October 16–May 31: (902) 424-7398
haliburton.museum.gov.ns.ca

Home of Judge Thomas Chandler Haliburton, creator of the *Sam Slick* stories. Haliburton, North America's first internationally acclaimed humourist writer, was read devotedly by a young Mark Twain. Completed in 1836, the one-and-a-half-storey wooden villa features Victorian-period furnishings and a beautiful 25-acre estate.

**Halifax Citadel National Historic Site F** (902) 426-5080
P.O. Box 9080 Station A
Halifax, NS B3K 5M7
Fax: (902) 426-4228
www.parkscanada.pch.gc.ca

Situated on a summit in downtown Halifax, and commanding a view of the city, the harbour, and other elements of the Historic Sites. Features include a glacis, a ditch, granite walls and other features of a bastioned fort, constructed in the period 1828-56. Home of the internationally known 78th Highlanders animation unit.

Museum and archives in historic church c. 1895. Historic house previously owned by Alfred Fuller ("the Fuller Brush Man") and his wife.

**York Redoubt National Historic Site F** **(902) 426-1995**

Purcell's Cove Road
P.O. Box 9080 Station A
Halifax, NS B3K 5M7
Andrea Moritz

Fax: (902) 426-4228
www.parkscanada.pch.gc.ca

Located on bluffs about 60 metres high, overlooking the entrance to Halifax Harbour, this 71-hectare site is six kilometres from the centre of Halifax. The site contains remains of a late 18th-century Martello tower: powder-magazine and loop-holed wall from 1860s and 70s. The fire command post served as the nerve centre of harbour batteries in World War II. The remains of York Shore Battery, built to defend the submarine net that stretched to McNab's Island, are situated on the shore cliffs.

*Fisherman's Life Museum*

Canadian Television Fund

**Results You Can See**

The Canadian Television Fund, the largest of its kind in Canada, is the principal catalyst in the creation and broadcasting of programs which truly reflect our culture and our daily lives. Today, we are producing hundreds of award-winning programs – seen in Canada and abroad – demonstrating the newfound strength and vitality of our industry. **Now those are results you can see!**

Le Fonds canadien de télévision

**Des résultats qui se voient**

Le Fonds canadien de télévision, le plus grand du genre au pays, constitue le principal catalyseur en matière de création et de télédiffusion d'émissions reflétant véritablement notre culture et notre vie de tous les jours. Aujourd'hui, des centaines de productions d'ici ont été primées et sont vues au pays comme à l'étranger, démontrant ainsi la force et la vitalité actuelles de notre industrie de la télévision. **C'est ça, des résultats qui se voient!**
